

**TRAINING | EVENTS | CONFERENCES**

**At MTI, we're proud to offer a variety of meeting rooms and conference facilities at our multi-million pound, leading-edge Automotive Training, Events and Conference Centre.**

Located close to Birmingham, Leicester and Coventry, and easily accessible from the M6, M69 and M42, the MTI offers exceptional geographical convenience, making it the ideal location for your next meeting, staff training session or conference.

We offer cutting edge technology in all our rooms and have on site workshops designed to help you deliver innovative, engaging and memorable sessions.

You will be looked after by our experienced events team who will be on hand to help you plan your event and make the most of our inspiring spaces.

# About Us

---

**Opened in September 2018, MTI is located on the world renowned MIRA Technology Park. The centre offers its own Automotive focussed training solutions through its partners North Warwickshire and South Leicestershire College, HORIBA MIRA, Coventry University, Loughborough University and the University of Leicester. This ensures that we have the latest innovative technology to help you deliver outstanding events.**

Designed to host events of varying sizes, this contemporary venue is equipped with the latest technological systems including widescreen Clevertouch screens in all rooms, a conference room featuring a 110" 4K screen, with full surround sound, recording/streaming functionality and free Wi-Fi across all rooms.

You can also choose from a variety of layouts for each of our meeting rooms, including break-out areas. For larger events, we can offer a spacious conference and networking area.

# Our Rooms

---

Our rooms are fully equipped for any type of training and can be configured to suit your individual needs. All rooms include:

- Clevertouch screens enable you to embrace immersive learning with smart digital classroom environments.
- All our rooms are fully flexible with moveable furniture which can be mixed and moved to match your requirements.
- Selected rooms have tablet desks enabling your guests to connect directly with presentations on the screens.
- Multiple power and USB charging points.
- Wi-Fi connectivity.

## The Conference Room

The Conference Room seats 100 – 130 theatre-style and is ideal for company training events, product launches and larger meetings. The conference room can also be broken down into separate areas depending on requirements, and can accommodate a variety of room layouts. Features include the latest 4K screen with Dolby surround sound.

## Breakouts

We have an additional 4 breakout rooms which can accommodate between 12 – 28 people for more focussed presentations and meetings or highly personalised training.

## Recharge In The Atrium

All the rooms on the ground floor breakout into the main atrium. This makes an ideal space for networking or for exhibition space. It is also home to our onsite Costa Coffee, which serves a selection of hot and cold breakfast and lunch options and beverages. We cater for a variety of dietary requirements and religious beliefs.

Ask the team about our day delegate rate catering options.

# First Floor

---

## Video Conferencing Suite

The Video Conferencing Suite features a high definition video conferencing camera, and features a touchscreen for ease of use, providing you the flexibility to allow for a number of video conferencing applications to be used.

## Meeting And Teaching Spaces

On the first floor, you will also find an array of educational and meeting room spaces. These spaces have been designed to be flexible and can be joined together for larger groups or breakout sessions.

# The Workshops

---

**Uniquely the MTI, is also able to offer three workshops to help deliver innovative, hands-on training.**

## Engineering Workshops

Featuring the latest CNC lathes and Milling Machines, training rigs and engineering equipment this workshop is equipped to deal with a wide array of engineering training needs.

## Electric Vehicle And Hybrid Vehicle Workshops

This workshop is designed for flexibility, with no fixed equipment, meaning that vehicles, training rigs, and other training equipment can be brought into the workshop for practical and theory learning sessions. We have access to portable training rigs – ask us about hiring equipment.

## Vehicle Workshops

This workshop is designed to meet the needs of most standard automotive related training. It features both 2 and 4 post vehicle lifts. We are fully equipped with all the latest automotive and motor vehicle equipment from automotive brand leaders, including POD point charging points.

To ensure you can mix both workshop and classroom based meetings and training sessions for your staff, we have changing facilities with shower rooms for all.

---

# Designed For All

---

**The MTI is an inclusive environment, we are proud to say that we have installed easy access toilets in all areas of the centre, a lift, easy access changing and shower facilities, and gender neutral toilets.**

## Contemplation And Prayer Room

The MTI offers the use of a prayer and contemplation room, which is available to all. This space allows for prayer, meditation, reflection and contemplation. We have also provided key religious items to support prayer and worship.

## Car Parking

The MTI offers free car parking to all.

In addition to the free car parking, the MTI provides Bike racks and Electric Car charging points, to further support our environmental impact reduction commitment.

# Room Capacity

## Ground Floor

ROOM NAME	CAPACITY	CONNECTED
Breakout Room 1	12	28
Breakout Room 2	16	
Breakout Room 3	12	24
Breakout Room 4	12

## MIRA Technology Institute

MTI is a unique partnership led by North Warwickshire and South Leicestershire College, along with HORIBA MIRA, Coventry University, Loughborough University and the University of Leicester. The Institute provides students with a bespoke curriculum developed to engage and inspire the future global workforce. MTI has a particular focus on disruptive technologies, such as electrification and driverless cars, cultivating the skills necessary to operate at the cutting edge of automotive technology.

The core mission and ideology of the MTI is to become a global centre of excellence, in which all current and future automotive industry leaders, engineers, technicians and other business professionals working or aspiring to work in the automotive sector come to develop or learn essential skills, that are key to fuelling their career ambitions and their employers' current and future success.
